

Sinclair Broadcasting's decisions to pursue a political agenda while using public airwaves subverts the public good and democracy at it's core.

Instead of expousing policies that are only self serving their duty as part of American society should be to foster an open dialog on the issues that truly matter to and for the good of all not just the greedy few.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a well placed political contribution. Thank you.
